Subject: Request to Administratively Close CL #1053685

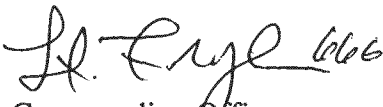

Allegations: The complainant alleges on 14 March 12, about 1515 hours, at the Random Drug Testing Unit (RDTU), 3510 S. Michigan Ave., the accused provided a urine specimen which tested positive/invalid.

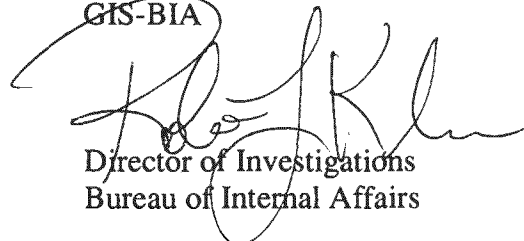

On 16 May 12, the undersigned received the above listed complaint for investigation. In reviewing the Initiation Report, it indicates the urine sample tested was invalid. Further testing on the sample was unable to identify any specific substance which would indicate a positive result. Based on the available information, a Just Cause was initiated under CL #1053726, and the result was negative. It is therefore requested this matter be Administratively Closed.
